PROFESSIONAL SUMMARY

Computer Science undergraduate graduating in August 2027 with hands-on experience using AWS, GO, Python, Git, Docker, and Linux. Building practical skills in cloud infrastructure, containerization, and software development. Seeking an internship or entry-level opportunity to apply technical skills while continuing to grow as a cloud and DevOps engineer.

PROJECTS

Personal Portfolio Website

HTML5, CSS3, Responsive Design, Accessibility

GitHub Repository

- Built a responsive six-page portfolio from scratch with semantic HTML5 and custom CSS3 to present skills, experience, project work and résumé.
- Created reusable styles for navigation, layouts, cards, buttons, colors, and responsive behavior across the site.
- Improved accessibility with semantic page structure, keyboard skip links, descriptive labels, and mobile-friendly layouts.
- Used Git and GitHub for source control, project maintenance, and public documentation.

TECHNICAL SKILLS

Cloud and Infrastructure: AWS, Docker, Kubernetes, Linux

Languages: GO, Python, Java, JavaScript, HTML5, CSS3

Frameworks: Spring Boot, React

Developer Tools: Git, GitHub
