PROFESSIONAL SUMMARY

Computer Science undergraduate (B.Sc., expected August 2027) building toward cloud and DevOps engineering. Comfortable with **Python**, **Git**, and **Docker**, and actively developing depth in **AWS**, **Linux**, and **Go** while studying for the AWS Certified Cloud Practitioner exam. Seeking an internship or entry-level opportunity where I can contribute to infrastructure, automation, and tooling work.

PROJECTS

Personal Portfolio Website

[Live Site](#)

HTML5, CSS3, Responsive Design, Accessibility

[GitHub Repository](#)

- Built a responsive six-page portfolio from scratch with semantic HTML5 and custom CSS3 to present skills, experience, project work and résumé.
- Created reusable styles for navigation, layouts, cards, buttons, colors, and responsive behavior across the site.
- Improved accessibility with semantic page structure, keyboard skip links, descriptive labels, and mobile-friendly layouts.
- Used Git and GitHub for source control, project maintenance, and public documentation.

TECHNICAL SKILLS

Languages: Python, Go, JavaScript, HTML5, CSS3

Cloud and Infrastructure: AWS, Docker, Linux

Developer Tools: Git, GitHub

Certifications: AWS Certified Cloud Practitioner (in progress)

EXPERIENCE

Longleaf Hospital

Jun. 2025 – Present

Behavioral Health Associate (BHA)

Alexandria, Louisiana

- Monitor patient behavior and document status changes, incidents, and interventions accurately.
- Coordinate with clinical staff to communicate behavioral concerns and support patient safety.
- Maintain confidentiality and follow established procedures in a fast-paced healthcare environment.

The Food Bank of Central Louisiana, Inc.

May 2024 – Aug. 2024

AmeriCorps Member

Alexandria, Louisiana

EDUCATION

Louisiana State University–Alexandria

Aug. 2022 – Expected Aug. 2027

Bachelor of Science in Computer Science

Alexandria, Louisiana
